YOUR STARTUP NAME

We help **[target user]** solve **[problem]** through **[solution]**.

1. Startup name, logo (optional)
2. One-sentence tagline or value proposition
3. Clear image of your idea, prototype or product

N — NEED

Show evidence that the problem is real — data is required.

1 **Target users & problem**
Specific problem, when it happens and why it matters

2 **Data** REQUIRED
Interview / survey numbers, observations or credible research

3 **Insight & assumption**
Sample size, data source, key insight and the assumption to test

00%
Key statistic

n = __
Sample size

\+
Chart or real user quote (cite your source)

A — APPROACH

How does your solution work?

1 **Solution & user flow**
Describe it and show a simple 3–5 step flow

2 **Show it**
Prototype photo, screenshot, diagram or demo

3 **Testable now?**
What is testable NOW vs simulated / still being built

+

Drop your prototype, screenshot or diagram here

User flow (3–5 steps)

1	2	3	4	5
[action]	*[action]*	*[action]*	*[action] (optional)*	*[action] (optional)*

Replace all guidance text with your own content • Keep it short and visual

B — BENEFITS

Why would users care?

1

Main benefit

The intended improvement for your users

[One short sentence]

2

What changes

Compared with their current experience

Before: ____ → After: ____

3

Feedback & results

What did testers say or do?

[Quote or result]

Tested? Show the feedback or result. **Not tested yet?** Label it an “expected benefit”.

C — COMPETITION

What alternatives do users have?

REQUIRED: MATRIX

Alternative	Criterion 1: ____	Criterion 2: ____	Criterion 3: ____
Alternative 1 (app)			
Alternative 2 (workaround)			
Doing nothing			
Our solution			

Why would users switch? Finish with one sentence on your proposed difference. Use ✓ / ✗ or short notes in the matrix.

DRAFT PILOT PLAN

WHO • WHAT • HOW • SUCCESS — plus a visitor test activity

1

WHO

Which intended testers or partners? How many?

Testers: ____ (n = __)

2

WHAT + HOW

Key assumption, exact visitor activity and time needed

Activity: ____ (__ min)

3

SUCCESS

What will you measure? What result would be meaningful?

Target: ____

For 10–13 November • *Example visitor activity: “Try our matching demo — 3 minutes”*

OUR ASK

Your top 1–3 requests: what, why and who could help?

1

Talent

Technical co-founder, app developer, AI expert or mentor

Why / who: ____

2

Pilot access

Introductions to cafes, schools, hospitals or 20 testers

Why / who: ____

3

Resources

Storage space, equipment, lab, venue or prototype funds

Why / who: ____

Example ask: *“Could you connect us to 2 cafes to test our product in November?”*

OUR TEAM

Who is building this?

Team member name

Programme / School

Role: responsibility

Skills, experience and why we can build this

Contact (optional)
