WHAT IS LAUNCHX: SUNWAY EDITION?

LaunchX: Sunway Edition is a **3-month** university startup accelerator programme designed to help **Sunway University students** transform **ideas, projects and solutions** into **real-world pilots and impact.**

You don't need to already have a business. You can start with just an idea!

Through LaunchX: Sunway Edition, you will **turn your ideas into reality** through support such as:

Hands-on Bootcamp

Mentorship & Guidance

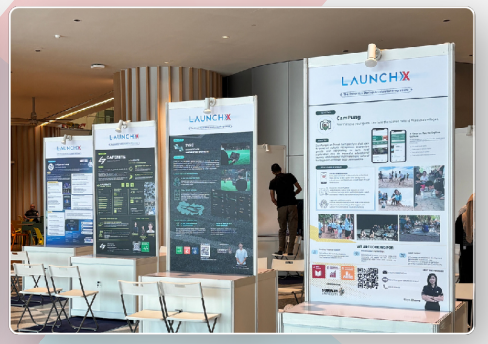
Expert Session

Industry Connection

Ecosystem Exposure

Founder Community

Innovation Acceleration Fund



Pilot Test Opportunity

Swipe for more info!

LaunchX

WHO IS LAUNCHX: SUNWAY EDITION FOR?

LaunchX: Sunway Edition is for Sunway students who are:

Passionate about solving real-world problems

Developing solutions and building ideas

Exploring entrepreneurship

Have an idea, but unsure of how to start

Whether you only have an idea or are already building, you are welcome to apply!

Throughout LaunchX, the Sunway iLabs team will guide and support you to:

- Understand the problem you want to solve
- Validate your idea with potential users
- Refine your solution
- Build or improve your prototype
- Test your solution in the real world

YOUR 3-MONTH JOURNEY

LaunchX isn't just about attending talks. You'll build something, test it, get feedback, improve it and take it into the real world.

BOOTCAMP 1

10th October 2026

Build With Guidance From Experts

- Work on your idea and build a prototype or early version with hands-on support.
- It doesn't need to be perfect!

Validate with Real Users

- Test your prototype with real users within the cohort
- Collect feedback to understand what works and what needs to improve.

BOOTCAMP 2

24th October 2026

Stress Test Your Idea

- Present to investor panel and startup founders
- Get honest feedback on your problem, solution, users and direction.

Kill, Persevere or Pivot?

- Review feedback and decide what to keep, change or drop.
- Refine your direction based on what you have learned.

Meet Your Official Mentor

- Get paired with your LaunchX mentor
- Build and refine version #02 together with your mentor based on feedback

Swipe for more info!

SUNWAY UNIVERSITY

LABS SUNWAY

YOUR 3-MONTH JOURNEY

CHECK-IN SESSION

- Regular check-ins with the Sunway iLabs team to review your progress, challenges and next steps.
- Get feedback, guidance and connections to expert or resources when needed.

PILOT TEST

10- 13 th November 2026

- Bring your product, service or solution to your actual target users or customers.
- Find out what works, what doesn't and what needs to be improve.
- Collect customers feedback, usage data, sales or other evidence.

DEMO DAY

02nd December 2026

- Pitch the problem you're solving, how your solution developed and what you learned
- Share real evidence from your pilot test - revenue, traction, customer feedback or validation
